

# Cardiac Program

Heart care in the **comfort of your home.**

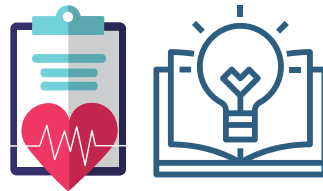

Compassion and interdisciplinary care are at the **heart** of our cardiac program. **InHome Healthcare Services'** experienced team of clinicians provide unmatched in-home care to patients living with a cardiac condition or recovering from a cardiac procedure.

## Continuum of Care

Our care team of clinicians, therapists, social workers and personal care aides regularly work together and collaborate with our patient's primary physician to ensure they're taken care of across the continuum.

## Education

We provide patients, families and caregivers **tips, resources & support** to help manage their heart condition. This includes disease management tips, self-care techniques and early identification of new symptoms.

## InHome Comfort

InHome Healthcare Services' cardiac care is personalized to each patient's distinct needs. Patients are able to stay in the **comfort of their own home** and enjoy familiar surroundings and their favorite things during their recovery and care.

At **InHome Healthcare Services**, our community of **local** clinicians and therapists are committed to providing you with the best care that leads to better outcomes and improves your **heart health** and overall quality of life.

- **SEVERINO LOZANO, RN** InHome Clinical Supervisor
